

From September 23 to 26, our school had the honor of hosting a group of students from our partner school in Jászszentandrás, Hungary. The visit was an exceptional event, during which we not only made new acquaintances but also celebrated the European Day of Languages together. The itinerary was filled with a variety of both educational and cultural activities. On the first day, after the guests arrived and enjoyed a delicious dinner, the Polish and Hungarian students learned basic phrases in each other's languages. Communication in English proved to be the most functional, and the vocabulary exercises, completed in groups, encouraged them to get to know each other and engage in conversation.

The next day, our Hungarian guests went on a trip to Krakow, where they toured Wawel Royal Castle and strolled to the Main Square. Visiting this historic city was a memorable experience for our Hungarian guests, one that will certainly stay with them for a long time. In the evening, the students played football and a group integration game called "potato." On the third day, in honor of the European Day of Languages, our guests participated in project work about European countries. They prepared colorful posters showcasing basic information and fun facts about the European country they had drawn earlier. The participants also watched a presentation about the history of Polish-Hungarian friendship and a promotional film titled "Hungarian Corridor: Warsaw 1944."

We also visited the Marine Fauna and Flora Museum. This fascinating place captured the interest of both our students and the Hungarian guests, allowing them to immerse themselves for a moment in the mysteries of the underwater world. There was no shortage of sports excitement either – competitions were held between Polish and Hungarian students, providing plenty of thrills and fun. These events allowed everyone to enjoy healthy competition and support each other in the spirit of fair play. After a day full of excitement, the students were treated to delicious ice cream at Sfera Shopping Mall in Bielsko-Biała, and in the evening, they attended a school disco, offering another chance for Polish-Hungarian conversations.

The entire stay was filled with unforgettable moments, new experiences, and friendships. Thanks to the shared activities, the students had the opportunity to get to know one another and practice their language skills to some extent. It was a unique event that will undoubtedly remain in the memories of all participants for a long time.

We are delighted with the many years of collaboration with the Hungarian school in Jászszentandrás and look forward to more joint projects in the future!
